

The Wales Infected Blood Support Scheme (WIBSS)

WIBSS

Established in October 2017, the Wales Infected Blood Support Scheme (WIBSS), replaced the previous UK schemes (Eileen Trust, Macfarlane Trust, MFET Ltd, Skipton Fund and Caxton Foundation).

It provides support to people who have been infected with Hepatitis C and/or HIV following treatment with NHS blood, blood products or tissue in a hospital in Wales.

WIBSS provides a financial payment service and personalised support for beneficiaries. The Scheme consists of a Finance Team, a Welfare Rights Team, and a Wellbeing and Psychology Team.

Finance Team

The finance team provide ex gratia payments to those infected with hepatitis C and HIV following NHS treatment with blood, blood products or tissue.

Psychology & Wellbeing Team

The psychology and wellbeing team provide beneficiaries and their family members with access to psychological assessment and treatment concerning the emotional difficulties of being given and living with a diagnosis of Hepatitis C and/or HIV.

Welfare Rights Team

The Welfare Rights team are there to assist beneficiaries with all things welfare and benefits related. They can assist with applying to WIBSS, conduct benefit checks, and help apply for benefits such as Employment and Support Allowance, Personal Independence Payment and Universal Credit.
