Ear Wax Removal Appointments

For wax removal, you do not need to see a GP, you can **refer yourself directly** to an Audiologist by completing the self-referral form which can be found on the Audiology pages of the Powys Teaching Health Board website, or by searching for Ear Wax Management.

Online referral is the quickest way for your referral to arrive at the Therapies Hub who will book your appointment. Scan the QR code below:

Currently, we offer appointments in

- Llanidloes Hospital
- Machynlleth Hospital
- Newtown Hospital
- Welshpool Health Centre
- Knighton Hospital
- Waterloo Road, Llandrindod Wells
- Glan Irfon, Builth Wells
- Bronllys Hospital
- Ystradgynlais Hospital

Appointments are not available in every site every day.

If you do not use the internet, your GP surgery will be able to provide you with a paper referral form and you can complete it and send it to the Therapies Hub.

Once you submit your referral form, just wait for the Therapies Hub to telephone you.

If you have a query regarding your appointment, please telephone the Therapies Hub on:

01686 613200

Please do not telephone the audiology departments as they do not arrange the appointments.
